THE STANDARD RIVET CO.
ROOM 10, 105 SUMMER ST.,
BOSTON, MASS.

Boston Feb 23d 1892

Messrs Noble & Cooley
Granville Mass

Gentlemen;

Your esteemed favor of 22d at hand with sample. We have put in our Rivets and return sample in this mail. the Rivets will work all right when driven across the lap. but when 2 or 3 are driven in a row with the grain they are very liable to split the wood. the same Rivet and Machine that rivets the lap will also rivet the leather tabs.

Yrs very truly
The Standard Rivet Co.
